

*Microwaves, laptops, car airbags, life-saving medical technologies
and even your MP3 player have one thing in common.*

**U.S.-based research helped create these innovative products.
Research makes our lives better.**

Please Join Us for a Luncheon Briefing About the R&D Tax Credit

Come learn how we can encourage U.S.-based research through the strengthening
and extension of the R&D Credit. See real examples of how research continues
to improve America.

***Attendees can also sign-up to drive the latest hydrogen fuel cell cars.
The rides begin immediately after the luncheon.***

Thursday, September 15, 2005
2325 Rayburn House Office Building
12:00 - 1:30 p.m.

RSVP to Tina Jones, The Dow Chemical Company, at email: tjones@dow.com
or phone: 202-429-3431

Hosted by:
R&D Credit Coalition
in conjunction with:
The Congressional R&D Caucus

1331 Pennsylvania Avenue, NW • Washington, DC 20004-1790 • (202) 637-3076 • www.investinamericasfuture.org

The R&D Credit Coalition is a group of more than 100 trade and professional associations and more than 1,000 small, medium and large companies engaged in U.S.-based research throughout major sectors of the U.S. economy, including aerospace, agriculture, biotechnology, chemicals, electronics, energy, information technology, manufacturing, medical technology, pharmaceuticals, software and telecommunications.
